THE NORTH CANTON POLICE DEPARTMENT

2003 ANNUAL REPORT

"Dedicated to Service and Protection"

INTRODUCTION

The North Canton Police Department is a full-time professional law enforcement organization providing 24-hour service to the citizens of North Canton. The Department is commanded by Chief of Police Michael J. Grimes. He is assisted by his Administrative Assistant and six Lieutenants. Five Lieutenants are assigned to the Uniformed Patrol Division and one to the Detective Bureau. The Uniformed Patrol Division is comprised of eighteen full-time Patrol Officers and three part-time Officers. There is currently one full-time Officer assigned to the DARE program and one assigned to the Detective Bureau. Additional Patrol Officers are assigned to the Detective bureau temporarily as needed.

The Department operates a 24-hour Dispatch Center. It is comprised of a Chief Dispatcher, six full-time Dispatchers, and three part-time Dispatchers. In addition to the Police Department the Center also handles dispatch responsibilities for the North Canton Fire Department, and North Canton Emergency Medical Service.

The Department is responsible for providing Crossing Guards at various intersections around the City. There are currently eight regular and five substitute crossing guards who handle this important task.

The Department has a Juvenile Diversion Counselor who works with troubled youths and their families. He acts as a liaison between them, the Department, Juvenile Court and the School System.

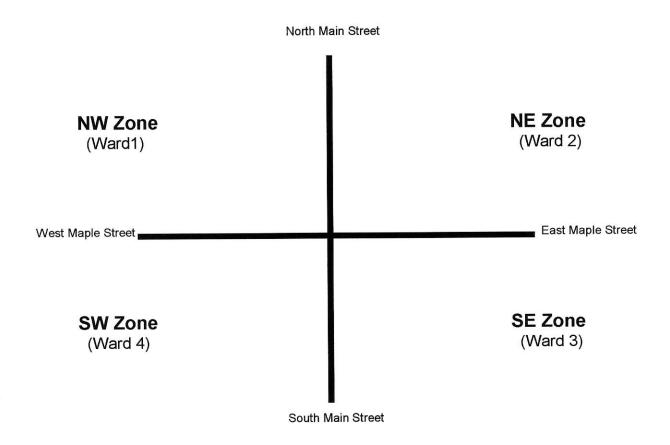

The contents of this report represent only a small fraction of the work done by the members of the Department, on a daily basis. We strive to give the best possible service to the community. Working together with the other City Departments and with the support of the City Government and Administration, the citizens of North Canton are in very good hands.

POLICE ZONES FOR DATA REFERENCE

For patrol and statistical purposes the city is divided up into four quadrants or zones. These zones match the street name direction designators to keep things simple. Depending on the shift and manpower there can be one patrol car assigned to each zone. At the minimum there will be a patrol car assigned to patrol both northern zones and one assigned to patrol both southern zones. In addition to the zone cars, there will be a floating car which will randomly patrol all four zones. Additional cars can be assigned to special patrol duties such as traffic enforcement, neighborhoods, accidents, etc. The Department also employs a bicycle patrol to supplement the normal cruiser based patrol.

| 2003 | 2 | 7 | 9 | 46 | 50 | 389 | 6 | 0 |

The incidence of major crimes committed in the City in 2003 stayed fairly consistent with the prior year.

Unfortunately we recorded two murders in 2003. Both cases were cleared. One, a murder/suicide was cleared by the death of the offender. The other was cleared by the arrest and eventual conviction of the offender.

We have seen an increase in the number of larcenies over the past several years. This can be partially attributed to the increase of the number of retail businesses in the City which has increased the number of shoplifting calls. Many stores have improved their loss prevention techniques and are proceeding with criminal prosecutions on a regular basis.

Criminal Charges and Individual Arrests

Criminal charges are the actual filing of one or more criminal complaints with the court against a person usually in conjunction with the physical arrest of that person. Traffic citations are generally not considered arrest charges. The only exception is an arrest for driving under the influence of alcohol (DUI), which is filed on a traffic citation. In 2003 there were **607** total criminal charges filed by the Police Department. Of those **453** were filed against adults and **154** filed against juveniles. There were **434** individuals arrested in 2003. Including a total of **313** adult arrests and **121** juvenile arrests. Some of these people were charged with multiple offenses. This represents an increase over the year 2002 in which we had a total of 565 arrest charges filed, 444 against adults and 121 against juveniles.

Criminal Charges and Prosecution

When charges are filed against an adult that person can either be arrested and incarcerated at the Stark County Jail or issued a summons and released. This depends on the type and seriousness of the offense. The Police Department utilizes the North Canton Mayor's Court, the Canton Municipal Court, and the Stark County Common Pleas Court to prosecute criminal offenses. Mayor's Court can only try cases that involve violations of the Codified Ordinances of the City of North Canton. The Canton Municipal Court can try cases involving violations of both North Canton City Ordinances and the Ohio Revised Code. The Stark County Common Pleas Court handles felony violations of the Ohio Revised Code.

When charges are filed against a juvenile they can either be arrested and incarcerated at the Multi-County Juvenile Attention Center or sign a Promise to Appear form and be released to a parent /guardian. The Stark County Family Court – Juvenile Division has exclusive jurisdiction to try all juvenile cases.

Offense Reports

There were **1593** criminal offenses reported in **2003**. a slight increase over the 1556 reported in 2002. The chart below shows a comparison of some of the different types between the past four years.

When any offense is reported a Patrol Officer is dispatched and conducts the initial inquiry into the incident. Based on that, further action is taken which can include documentation on a Call For Service, beginning a preliminary criminal report-investigation, interviews, evidence collection / preservation, taking witness statements, on-scene arrests, scene preservation for additional investigators and other options. Follow-up investigation can be done by the initial officer, the Detective Bureau, other outside law enforcement agencies, non-law enforcement agencies, or in many cases a combination of two or more.

POLICE LINE - DO

Detective Bureau

There are currently two Officers assigned to the Detective Bureau on a full-time basis, one Lieutenant and one Patrolman. Additional Patrolmen are temporarily assigned on an asneeded basis. In addition to investigating criminal offenses they collect crime scene evidence, transport evidence to the crime lab, handle the Crime Watch program, conduct neighborhood surveys following criminal activity, and maintain a liaison with other Departments and businesses. They conduct background investigations on candidates for hire and conduct internal investigations, at the direction of the Chief.

Their overall case clearance rate for 2003 was 43% which is well above the FBI Uniform Crime Report national average of 20%*.

<u>Traffic Citations</u> – <u>Written Warnings</u> – <u>Parking Tickets</u>

A citation can be issued for a violation of the traffic section of the City Ordinances or the Ohio Revised Code. Mayor's court can only try violations of City Ordinances. The Canton Municipal Court can try violations of both City Ordinances and the Ohio Revised Code. The Stark County Family Court handles all juvenile traffic violations.

Officers have the discretion to issue a written warning for a traffic violation instead of a citation. This is sometimes done for minor offenses, equipment defects, recently expired license plates, or any other offense where a warning will suffice to promote compliance with the traffic code. Warnings are kept on file and the warning file is checked when a driver is stopped by an officer. This helps ensure that the same person does not receive multiple warnings for the same offense.

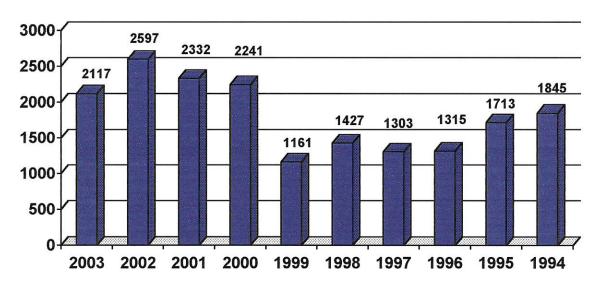

Parking tickets are issued for various violations of the Parking Ordinance. These include but are not limited to handicapped parking, fire lane, overtime, and no parking zone violations.

Traffic Crash Investigation

The Police Department investigated a total of 653 traffic crashes in 2003. This is a slight increase in the number investigated the previous year. The Police Department investigates almost all of the reported crashes that occur within the City. Occasionally a Stark County Sheriff's Deputy or Ohio State Patrol Trooper will happen upon a crash in the City and handle it

The Department investigates crashes which occur on public (roadway) and private property.

When the investigation indicates that a violation occurred on roadway accidents a citation is normally issued. Citations are not normally issued for private property crashes.

Crashes with a reported injury were down for 2003. Unfortunately there were 2 fatal crashes during the year.

The majority of the crashes occurred between the hours of 6:30 AM and 10:30 PM.

The most heavily traveled streets in the City also recorded the highest number of crashes for 2003:

- North Main Street, 104, a large portion of which occurred in the 1000 to1600 blocks.
- South Main Street, 101, the majority occurring in the 1200 to 1500 blocks.
- East and West Maple Streets, 52. a large portion in the 2000 block of East Maple.
- Everhard Road SW, 43, with over half occurring in the 100 and 700 blocks.
- Applegrove Streets NE and NW, 43, the majority in the 100 blocks.

These numbers include the 130 intersection accidents which were pretty evenly spread out amongst 75 different intersecting streets in the City.

The reduction of traffic crashes continues to be a priority for the Department. Targeting high incidence areas for enforcement of the traffic laws is one of the ways we attempt to do this.

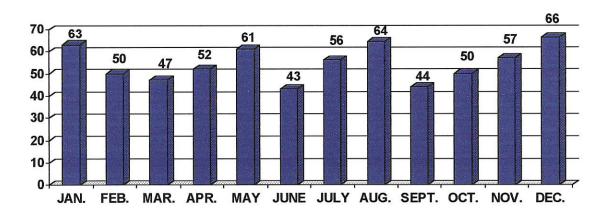

There were 163 reported crashes on private property during 2003. Of these, 5 resulted in an injury of some type. The major cause for the private property crashes was improper backing. Many of the crashes occurred at our larger retail establishments such as:

- The Acme lot at 1474 N. Main St.
- The Marc's Plaza at 1664 N. Main St.
- The Giant Eagle Plaza at 1955 East Maple St.
- The Gabriel Brothers Plaza at 5800 Whipple Ave.

S.M.A.R.T. Trailer

The Department utilizes a **S**peed **M**onitoring **A**wareness **R**adar **T**railer to conduct traffic surveys, monitor speeds, and remind motorists of their speed. The trailer consists of a radar unit and a large numeric display which shows the motorist's speed. During 2003 the trailer was placed at various streets around the City on a daily basis during the spring and summer months. Information compiled regarding traffic speeds, volume, times of use, etc. aids the Department in focusing on problem areas. It is also used to do traffic counts which aid in making changes to existing traffic controls, adding or deleting them, and substantiating complaints in trouble spots.

Calls For Service

A Call For Service (CFS) is a computer entry made by the dispatcher on incidents that officers respond to, traffic stops, calls from citizens, EMS & Fire calls, hazards, arrests, other Agencies using our equipment such as the BAC Datamaster machine, and other things that the dispatcher or supervisor deem necessary. The CFS system allows the Department to track many items and insures an adequate response or check when needed. Calls For Service requiring additional follow-up are monitored by the Patrol Commander to insure that all calls are properly answered. The following chart shows the breakdown for the time of day when calls are received.

Calls For Service Totals by Time of Day (Police Shift)

Alarms

The Police Department received 1148 alarm calls from over 408 sites during 2003. This is a slight decrease from the 1200 alarm calls from over 410 sites in 2002. These sites range from private residences to retail and commercial establishments. These alarms can be anything from a basic burglar alarm to a hold-up / panic alarm. The majority of these alarms were false or accidental. However each must be handled as a real alarm for the protection of the officer as well as the public. This is a very time consuming process for the Department and utilizes a vast amount of resources. Steps are taken by the Department to reduce the number of false alarms by working with those locations that have a high number.

Drug Abuse Resistance Education Officer

The Police Department has one Officer assigned full-time to the Drug Abuse Resistance Education (**D.A.R.E.**) program within the school system. In addition to the 5th grade DARE program he teaches a personal safety program to 1st grade students, and a safety belt program to 3rd grade students. There were also two **Gang Resistance Education And Education Training (G.R.E.A.T.**) summer camps held at the Greentown Elementary School.

The 02-03 school year saw **408**, 5th graders complete the DARE program and **407**, 3rd graders completed the safety belt program. There were **170** students who attended the G.R.E.A.T. summer camp. Since 1992 there have been **4729** graduates from the DARE program.

The Department received a grant from the State of Ohio this year for the DARE program in the amount of \$11873.00. This money was applied toward wages for the DARE Officer.

The 3rd grade safety belt program is run through the Ohio Department of Highway Safety.

School Resource Officer

The Department also has an Officer assigned part-time as a School Resource Officer (**S.R.O**.) He works within the schools on a daily basis as a liaison between the Department and the School System. He handles most school related incidents and works closely with the school administration to resolve problems.

Special Response Team

The Department has a Special Response Team (S.R.T.) which is staffed by a Lieutenant and nine Patrolmen on a part time basis. They train monthly with specialized equipment in various tactics to handle situations that are beyond the normal police call. They are tasked with a wide variety of assignments ranging from serving high risk search and arrest warrants to barricaded gunmen calls. Earlier this year they assisted in serving a high risk search warrant at a residence on South Main Street which resulted in drug trafficking arrests and the commencement of forfeiture proceedings for the property involved.

Bike Patrol

The Department utilizes a bicycle patrol to supplement the normal cruiser patrol during the spring, summer, and early fall months. There are currently 8 certified bike officers who have attended specialized training. The Department has 3 Trek, police-model patrol bikes and a marked cruiser equipped with a bike rack for bike patrol use. The bike unit assisted in numerous special community events during the year in addition to their normal patrol duties.

Property Room

The property room is staffed by two Patrolmen and a Lieutenant on a part-time basis. They are the evidence custodians of the Department. Any evidence or property taken into custody by the Police Department is processed through the Property Room. Items taken in range from criminal evidence, like drugs or firearms to recovered property such as a lost bicycle. Items no longer needed for Court are returned to the owners. Many items are contraband and are destroyed. Useable items for which no owner can be found are sold at the annual City auction.

Department Training

The Department has several certified instructors who conducted various training classes during the year. These included but were not limited to firearms, less than lethal weapons, subject control, legal update, radar, laser, video, and L.E.A.D.S.

Additionally all Officers attended training outside the Department. This training covered a wide variety of topics including B.A.C., Drug I.D., CPR, D.U.I. detection, Traffic Crash Investigation, SWAT, Public Records, Internal Investigations, Interviewing, Background Investigation, Management, legal updates, officer survival and continuing Chief's Training.

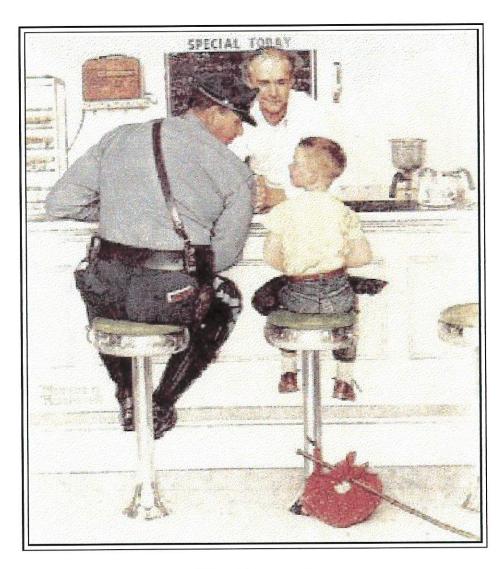

The Department also has a Field Training Unit which is responsible for the training of all new Officers. It is staffed on a part-time basis by a Lieutenant and five Patrolmen / Field Training Officers.

Changes and Notes of Interest For 2003

- > Ptl. Charles Betz resigned his full time commission and moved to a part time position.
- Ptl. Shawn Bates recognized as the Distinguished Police Officer of 2003 by the N. Canton Jaycees.
- > Ptl. Shawn McGuyrt trained and added to the Bike Patrol unit.
- > New equipment and capabilities added by the SRT Team.
- > Major upgrades to the Departments computer system.
- > Upgrades were made to the indoor firing range.
- > The Communications Center was remodeled and new equipment added.
- > A repeater was added to the radio system to enhance performance and improve safety.
- > Dispatchers received in-service and outside training to improve their skills.
- Members attended various outside training classes and seminars.
- No formal citizen complaints resulting in internal investigations were filed during 2003.
- Two homicides were investigated and cleared during the year.
- > The Department met the needs of the community after major rain storms and flooding.
- > Several vehicle pursuits occurred all of which were concluded safely with apprehensions.
- > Four old cruisers were replaced with new ones.
- Various policies updated and new ones implemented.

Future Concerns

Equipment upgrades and additional training continue to be priorities. A battery back-up will be added to the radio repeater system. Space issues within the Department continue to be a pressing need. Remodeling will be done to gain useable space. Audio and video recording capabilities will be added to the interview room. New capabilities for the Department will be explored. Finding ways to reduce costs but still maintain our excellent services are also a goal. All done in an effort to better serve the Citizens of North Canton.

RE: Detective Bureau Statistical Information

Please find attached statistical information on the investigations conducted by the Detective Bureau in 2003. During the year the Detective Bureau became involved in approximately 276 investigations, 253 that were criminal cases. As of this date, February 2, 2004, six of these cases are still actively being investigated.

It should be noted that 2003 was a busy year in the Detective Bureau. Total investigations and criminal investigations both increased for the second year in a row. Total investigations increased from 255 in 2002 to 276 in 2003. The number of criminal investigations increased from 225 in 2002 to 253 in 2003.

Total criminal charges filed by the Detective Bureau also increased for the second year in a row. The Detective Bureau filed criminal charges against 72 people in 2003, and a total of 108 charges were filed. We cleared 43.87 % of the criminal cases investigated in 2003.

Some of the major cases we worked in 2003 include the following:

| Case # 0300536 | Murder/Suicide involving Kimberly O'Harrow and David |
|----------------|--|
| | Reynolds |
| Case # 0300768 | Theft case involving Diane Flad, the North Canton City |
| | School District Treasurer |
| Case # 0300922 | Drug Trafficking case involving Exponded |
| Case # 0302328 | Murder case involving Kenny Jones |
| Case # 0302446 | Theft case involving theft of money from McDonald's by |
| | John Kiwanuka, the Manager |

The Detective Bureau cleared all five of these cases.

Please find the attached log sheets and tables with more detailed statistics. Should you need any additional information or explanation, please contact me.
